### I/We declare for all animals listed on this document that;

Signed .....

The holding is not under movement restrictions for bovine Tuberculosis (TB)

Cattle on the holding are not under movement restrictions for other animal disease or public health reasons (excluding a 6-day standstill)

Withdrawal periods have been observed for all veterinary medicines and other treatments administered while on this holding and previous holdings.

To the best of your knowledge the animals are not showing signs of any disease or condition that may affect the safety of meat derived from them.

No analysis of samples taken from animals on the holding or other samples has shown that the animals in this consignment may have been exposed to any disease or condition that may affect the safety of meat or to substances likely to result in residues in meat.
